FRANCE**

and certifies that the change in the type design for the product listed below with the limitations and conditions specified meets the applicable Type Certification Basis and, if applicable, environmental protection requirements when operated within the conditions and limitations specified below:

Type Certificate Number: EASA.R.105

Type Certificate Holder: AIRBUS HELICOPTERS

Type: SA 365 / AS 365 / EC 155

Model: AS 365 N3

Description of Design Change:

Installation of NVIS Lighting system in accordance with Airlift MOC. DO-365-33-104.

Revision 1: Introduction of new helicopter configurations.

Revision 2: Introduction of new helicopter configurations.

Revision 3: Transfer of certificate to new holder.

EASA Certification Basis:

The Type and OSD Certification Bases (CB) for the original product remains applicable to this certificate/ approval.

The requirements for environmental protection and the associated certified noise and/ or emissions levels of the product are unchanged and remain applicable to this certificate/approval without any impact on the noise database.

Associated Technical Documentation:

- Initial revision:

Airlift Flight Manual Supplement: FMS-365-33-104-01, Rev.1

See Continuation Sheet(s)

Airlift AS 365N3 NVIS Lighting System Installation: MOD. DO- 365-33-104 Rev.1.
Airlift Instruction for Continued Airworthiness: ICA-365-33-104-01 Rev.0.
Airlift Master Document for List for DO - 365 -33- 104 Rev. 0.

Revision 1:

Airlift Flight Manual Supplement: FMS-365-33- 104-02, Rev.0
Airlift AS 365N3 NVIS Lighting System Installation: MOD. DO- 365-33-104-01 Rev.0
Airlift Instruction for Continued Airworthiness: ICA-365-33-104-02 Rev.2
Airlift Master Document for List for DO - 365 -33- 104-01 Rev. 0.

Revision 2:

Airlift Flight Manual Supplement: FMS-365-33-104-06, Rev.2, dated 23/01/2024
Certification Programme: CP-365-33-104-01, Rev.2, dated 23/01/2024
Declaration of Compliance: DOC-365-33-104-11, Rev. 0, dated 05/02/2024
Configuration Control: CCD-365-33-104-HU, Rev.0, dated 30/01/2024

or later revisions of the above listed document(s) approved/accepted under the EASA system.

Limitations/Conditions:

Prior to installation of this change/repair it must be determined that the interrelationship between this change/repair and any other previously installed change and/ or repair will introduce no adverse effect upon the airworthiness of the product.

Refer to applicable Flight Manual Supplement (FMS) for list of equipment mandatory for Night Vision Imaging System (NVIS) certification.

Rotorcraft modified by this design change employs Night Vision Imaging System lighting, commonly named NVIS lighting, which has been certified to ensure the aircraft is compatible with Night Vision Goggles (NVG). For this reason, any deviation from the cockpit or cabin configuration specified in this design change may affect the compatibility of the NVIS lighting and may require a re-evaluation for NVG compatibility, substantiated by further approval. Once the aircraft is modified with this design change, any future modification that adds or changes systems that emit or reflect light have the potential to alter or change the NVIS lighting vs NVG compatibility, and therefore may require further approval.

Revision 1

Same conditions/limitations as per initial issue apply.
